

Art. no. 6996, 6963

Zinc Ointment 20%

Abena Zinc Ointment is ideal for skin that requires a barrier care (water-in-oil emulsion) primarily in wet environments. It contains 20% Zinc Oxide, which is known for its antiseptic properties and helps calm irritated and/or red skin thanks to the Allantoin content. For better healing.

The ointment leaves a protective barrier on the skin and minimizes contact with liquids and feces. Contains no colorants or perfume.

- For daily care/repair of the skin. May be used frequently
- Apply and distribute carefully. Dosage according to need
- Easy to remove from the skin
- This product should only be used externally on the body. Avoid contact with eyes
- Abena A/S, DK under ISO 9001:2008 and ISO 22716:2007
