Incontinence Wet Wash Glove

Abena's disposable impregnated Incontinence Wash Gloves with a 3% Dimethicone content are formulated to clean the perineal area and protect the skin from urine and feces exposure – all in one product.

Tests show that the Dimethicone content significantly reduces the prevalence of Incontinence Associated Dermatitis and helps maintain a healthy skin.*

The Wash Gloves are manufactured in high quality thick material to feel soft on the skin. Its unique embossment and structure will wash and retain dirt, and helps to wash in a very gentle way.

- 3-in-1 product: wash, care & protect
- Contains cleansing and moisturizing ingredients
- Dermatologically tested
