Wet Wash Gloves

Abena's disposable Wet Wash Gloves have a pleasant cleansing and moisturizing effect, and are a good alternative to the traditional bath with water and soap. The gloves remove perspiration and bad odors and are very hygienic in use.

Comprehensive tests from the Radboud University in Holland showed that the use of our Wet Wash Gloves improves skin condition over time.

The characteristic embossing of the gloves retain the dirt and help to wash in a gentle way. The thick quality will give a soft cotton feel on the skin and reduces friction whilst washing.

- This product should only be used externally on the body.
- Avoid contact with the eyes.
- Produced for Abena A/S, DK under ISO 9001:2008 and ISO 22716:2007
